What

Slippery Slope of PowerPoint

“It is easy to dismiss design – to relegate it to mere ornament, the prettifying of places and objects to disguise their banality.

But that is a serious misunderstanding of what design is and why it matters.”

Daniel Pink

A large, stylized teal question mark is the central focus of the image. It is positioned on the right side, with its top and right edges cut off by the frame. The word "How" is written in a light gray, sans-serif font, positioned to the left of the question mark's upper curve.
